

Job Title: Manufacturing Technician

Location: Rochester, NY

Company Overview:

Lumetrics develops and manufactures precision non-contact thickness measurement and optical inspection systems for medical, glass, food packaging, ophthalmic, automotive, and film industries. Our precision thickness measurement technology is fast, accurate, flexible, and scalable to most QA laboratories, R&D centers, or production lines.

To meet the demands of the business, Lumetrics is seeking a qualified individual to join the Manufacturing Department. This position will report to the Manufacturing Manager.

Essential job functions are listed below and are subject to change depending on the company's needs:

- Work with and understand Bill of Materials for product assembly
- Mechanical parts assembly and testing
- Write or revise incomplete Build Documentation as required or instructed and communicate revisions to the Manufacturing Manager
- Adhere to inventory management procedures
- Product packaging and preparation for shipping
- Communicate directly with end-users and customers on troubleshooting problems via phone, e-mail, and/or WebEx
- Coordinate with internal staff as needed to troubleshoot, diagnose, and resolve customer service issues
- Assist with manufacturing of other product lines, as needs arise
- Collaborate with Manufacturing Manager and other Manufacturing Specialists, as required
- Support the Opto-Mechanical Engineering, Computer Engineering, IT, Customer Service, Production, R&D, and Finance departments, as required

Qualifications:

- BS in technical-related field or equivalent experience
- 2+ years' experience in mechanical, optical or electronic manufacturing preferred
- Proficiency with Microsoft Word, Excel
- Experience with electronic and optical test systems including VOM, oscilloscope, interferometer, wave meter.
- Proficiency with digital calipers, micrometers, and other manual inspection equipment
- Candidate should be conscientious, pay extreme attention to detail, exhibit good observational, listening and public speaking skills, and possess excellent writing skills.

The above description and statements are intended to describe the general nature and level of work being performed in this position. This is not a complete list of all responsibilities, duties, and skills required. All personnel may occasionally be required to perform duties outside of their responsibilities.
